Structured troubleshooting

Hands-on and practical

Customer-facing experience

Nando Keers

Cybersecurity student · aspiring network & security engineer

PROFILE

Associate Degree Cybersecurity student at HU Amersfoort with ten years of hands-on experience as a scooter and car mechanic. That work taught me to diagnose problems step by step: rule things out, test, fix, verify. I now apply that mindset to networks and security. I'm working towards CompTIA A+, Network+ and Security+, and I'm looking for a traineeship where I can learn from experienced engineers and work on real customer networks.

EDUCATION

Associate Degree Cybersecurity — 2025 – now
Hogeschool Utrecht, Amersfoort

First years of HBO programmes — 2021 – 2023
Hogeschool Utrecht: Communication & Multimedia Design (2023), HBO-ICT (2022), Business Administration (2021)

VWO — 2015 – 2021
Comenius College

PROJECTS

IPv4 network design & subnetting — 2025
Addressing plan for four subnets using CIDR and VLSM (/26–/29), with network, gateway and broadcast addresses without overlap.

Metadata analysis with ExifTool — 2025
Showed what a photo's metadata reveals (camera, lens, software, timestamps) and tested that WhatsApp strips it.

CIA classification & code of conduct — 2025
Rated a company's information on confidentiality, integrity and availability. Wrote a code of conduct for ethical hacking based on Dutch law (Computer Crime Act, GDPR) and responsible disclosure.

Station feedback & info screens — 2022
Three Python programs: a message kiosk, a moderation screen and a station display with live weather. Parameterised SQL, secrets kept out of the code.
`Python · Tkinter · PostgreSQL · REST API · github.com/nandokeers/ProjectA`

WORK EXPERIENCE

Scooter mechanic · Scootercare — 2023 – 2025
Diagnosis and repair, combined with a lot of travelling abroad.

Moving services · De Sjouwers — 2022 – 2023
Brought in new customers and staff, improved the website and applied marketing strategies.

Car mechanic · Wickedcars — 2021 – 2022
Automotive repair, welding, spray painting, metalwork and wheel repair.

Scooter mechanic & front desk · Scootercare — 2014 – 2021
Grew from cleaning to mechanic and front desk. Maintained the webshop and social media.
